

Island Flex Prepaid VisaCard

The Smart Way to Pay for the Things You Need!

As part of your cafeteria program, you can receive your own Island Flex card that makes using your flex dollars for medical expenses easier than ever. As long as the merchant or service provider accepts Visa credit cards, there's no need to pay cash up front and then wait for reimbursement.

Here's how it works...

1. Enroll in the cafeteria benefit program and select an annual contribution amount
2. You receive your Island Flex card in the mail, and can use it immediately for qualified expenses. Funds are deducted directly from your flex account.
3. Your Flex card will be loaded with the entire annual contribution amount at the beginning of the plan year for you to start spending.
4. Use your card at doctor offices, hospitals, dentist offices, optical centers, pharmacies and other health providers. Your card can also be used for Over-the-Counter eligible expenses at approved stores.

Sample of approved stores

The Island Flex VisaCard is the convenient way of spending your flex dollars.

******Although you won't be required to submit receipts to NBS for purchases at approved stores you are required to keep all receipts for purchases.***
